**FURMAN SOUND ANNOUNCES 2003 ROSTER OF ARTIST ENDORSERS.**

Guitar and Bass Greats Scheduled To Perform at The Furman Sound 2003 NAMM Booth, #6990 Hall A.

**January 16, 2003, NAMM, Anaheim, California - Furman Sound, Inc., NAMM booth #6990 HALL A**, is proud to announce its 2003 roster of artist endorsers, consisting of bassist extraordinaire Andy West, and Rock Guitarist Tommy Bolan from the LA-based 'N.Y.C.'. These Furman Sound endorsers will figure prominently in future Furman Sound marketing communications efforts consisting of advertisements, press releases, and collateral material.

Furman Sound's artist endorser performances will begin at the top of the hour, every hour, beginning at 11 a.m. each show day. Performances will be 15-minutes in length and the artists will be available for Q & A, autographs, and photos after each performance.

**Andy West** – Bassist extraordinaire and founding member of the seminal instrumental rock fusion group, The Dixie Dregs, Andy West is a true musician's musician. Andy's first release as a solo artist, *Rama*, takes "progressive" music to a new level, creating a sound and style more appropriately titled "eclectaggressive." To date, Andy West's career highlights include four Grammy® Award nominations and credits on more than 20 commercially released albums. Andy has used Furman Sound products in his studio and road racks for years, describing Furman products as "simple, elegant, and built like a tank. A must have..."

Andy West uses the following Furman Sound products on-stage and in his studio:

**IT-Reference** Discrete Symmetrical AC Power Source  
**HDS-6** Headphone/Audio Distribution System  
**HR-6** Six Channel Personal Headphone Mixing Station  
**PL-Plus** Power Conditioner

**Tommy Bolan** – As the lead vocalist and guitarist for the LA-based band ‘N.Y.C.’, Tommy Bolan brings his power trio’s brand of “xtreme and aggressive” rock to the masses with a busy touring schedule. Originally from, you guessed it, New York City, Tommy considers himself a NYC kind of guy, and his music, guitar playing, and singing are full of East Coast attitude. His blistering, “from-the-gut” guitar playing and razor’s edge tone require gear that can stand up to countless shows and heavy use. Bolan uses just about anything he can get his hands on from Furman Sound, saying “If you’re going to play electric music, you don’t want to worry about your electricity. That’s why I swear by Furman Sound products.”

Tommy Bolan’s wide array of Furman Sound gear includes:

- PL-Pro** Power Conditioner + Lights, Voltmeter
- PL-Plus** Power Conditioner + Lights, Voltmeter
- PL-8** Power Conditioner + Lights
- SPB-8** Stereo Pedal Board and Power Conditioner
- PB-48** Patch Bay, 48-Point, \_” TRS Front and Rear
- PQ-3B** Re-issue Parametric Equalizer Preamp, Balanced
- PGP-60** PlugLock-Pro Locking Outlet System
- RR-15Plus** RackRider Power Conditioner/Light Module, Digital Voltmeter
- RR-15** Rack Rider Power Conditioner/Light Module
- RR-215** RackRider Graphic EQ, Dual 15-Band
