FURMAN SOUND APPOINTS CASEY ZYGMONT AS NATIONAL SALES MANAGER

January 16, 2003, NAMM, Anaheim, California - Furman Sound, Inc., NAMM booth #6990 HALL A, has appointed Casey Zygmont to the position of National Sales Manager for its pro audio products division. Mr. Zygmont joins Furman Sound., with over 25 years of professional sales, management and marketing experience in the pro audio technology industries. From 1989 to 2002, Zygmont held positions of Northern and Southern California sales representative, as well as Southern California District Sales Manager, for TEAC America's TASCAM Division. During his tenure with TASCAM, Zygmont pioneered the TASCAM DA-88 recorder into the film/video Post Production marketplace, resulting in record territory sales figures that remain unbroken to the present day. Zygmont is also the recipient of numerous TASCAM awards for outstanding sales achievements.

Prior to TASCAM, Zygmont gained a wealth of pro audio industry sales experience during his 1984 to 1989 tenure with *Just Noticeable Difference*, a Northern California manufacturer's rep firm handling TASCAM, JBL, AKG, Crown, Aphex, Deltalab, Turbosound, TOA, and other leading brands. Before joining *JND*, from 1976 to 1984, Zygmont cut his teeth in the music and pro audio industry as a drummer; a recording engineer at Bear West Studios and part-owner of Demo-Lab Recording Studios, both located in San Francisco; and as a Guitar Center Assistant Store Manager.

"I am proud to welcome Casey to the Furman Sound team," states Joe Desmond, V.P. of Sales and Marketing. "Casey's extensive and diversified pro audio industry sales experience is certain to strengthen the dedicated relationships Furman Sound enjoys with its dealer network and national sales rep organization." Mr. Desmond continues, "Casey's unique abilities will quickly

assist the company streamline its day-to-day business and sales practices to better serve the needs of our customers. Also, with such a vast product application background, Casey will establish a cohesive sales approach for Furman's products that our customers and end-users will clearly understand. His ability to cultivate and disseminate new, concise and powerful information about Furman products in real-world applications will help our sales reps and dealers dramatically improve their bottom lines."

Away from the business world, Casey resides in Fairfax, California, 15 miles north of San Francisco, and in his free time remains an avid home studio owner and enthusiast. He enjoys working on music projects with his 19-year old son Zack, "Who has matured into a very talented young guitarist, songwriter and recording engineer," Zygmunt states.

Zygmunt concludes, "I am both thrilled and honored to become part of the Furman Sound Team. I look forward to working closely with Mr. Desmond as well as all the talented individuals at Furman Sound."
