

Future Sonics mg6pro™ 13mm Ear Monitors®

Custom Fit Professional Earphones

mg6pro™ 13mm Ear Monitors® Custom Fit Professional Earphones, celebrating 25 Years, now feature our NEW mg6pro™ 13mm proprietary miniature dynamic transducers. The mg6pro™ are multi-driver & crossover free; delivering full range audio with natural hi-end sparkle, warm mids and a low end frequency response no two, three, four or more-way Balanced Armature earpiece can touch!

mg6pro™ Ear Monitors® audio signature, reliability and workmanship allow performers to hear themselves with exceptional clarity; while our BIGGER SOUND at lower volume™ promise continues to deliver the best sonic performance possible.
